Summary of Activities – January 2008

Received list of 3 issues from Holly Fonseca on Jan 21st requiring immediate action: submittal of appropriation requests, projects submitted for inclusion in the Economic Stimulus Package and USACE report on post Katrina storm proofing reimbursement. We evaluated the requests and determined that the USACE did require immediate action and began the process to address the issue. A report was prepared and meetings were set up with congressional staff of Senators Landrieu, Vitter and Congressman Melancon were later met with. Follow up is on going. The other issues will be taken up in February.

President St. Pierre, Council Chairman Authement and COO Rusty Walker were in Washington and we visited with Senators Landrieu & Vitter & Congressman Charlie Melancon and their staffs. We discussed the USACE reimbursement.
